As not all programmes select students on the basis of HKDSE Examination levels / grades alone and the actual levels / grades of the students admitted to each programme may vary from year to year (depending on the overall levels / grades achieved by applicants in a particular year, the number of applicants applying to the programme, changes in selection criteria, *etc.*), information in this section is for reference only, and **should not be used to predict the chance of admission** to any programme in subsequent years.

City University of Hong Kong 2014 JUPAS Admissions Scores

For applicants who have fulfilled the minimum entrance requirements, admissions scores are calculated for use in admission selection.

The information contained here is based on the admissions scores (with weighting applied where appropriate) of offered applicants in the JUPAS main round admission exercise. Sample cases of students having the same median and lower quartile scores are presented for reference. Students admitted through special admission routes (principal's nominations, sports talents, other experiences and achievements and disabled applicants) are not included in the calculation of scores.

Students are reminded that because of the different weightings adopted, the admissions scores are not comparable across colleges/schools and different admission years. The sample cases are for reference only and should not be used to predict the chance of admission. The selection criteria vary each year, and many types of scores are used in the selection process. In addition to public examination results, other factors (such as band choices, interview performance, etc.) may also be considered.

Hong Kong Baptist University 2014 JUPAS Admissions Scores

Admissions Scores of JUPAS Entrants

The information contained here is based on the subject results achieved by the applicants at the

- a. study programme's mean of summation scores of 4 HKDSE core subjects plus 1 best elective subject (category A subjects) obtained by applicants admitted to respective study programmes in JUPAS Main Round; and
- b. median position (in the middle); and
- c. lower quartile position (3/4 way down)

of the JUPAS Main Round offer ranking list of each programme.

As not all programmes select students on the basis of HKDSE results alone and the actual results of the students admitted to each programme may vary from year to year (depending on the overall results achieved by applicants in a particular year, the number of applicants applying to the programme, changes in selection criteria, etc.), information in this section is for reference only, and should not be used to predict the chance of admission to any programme in subsequent years.

Applicants for admission should note that the evaluation of students is NOT only based on academic performance, but also on performance in extra-curricular activities, interviews, tests and other factors which reflect the all-round performance of applicants. The information contained in this page is therefore **for reference only** and should not be used to predict the chance of admission to any programmes in subsequent years (which may depend on performance of overall grades of applicants in a particular year, the number of applicants applying to the programme, etc).

Average Scores of JUPAS Admittees 2012-2014

The average scores below reflect the General Entrance Requirements of the four core subjects (Chinese Language + English Language + Mathematics + Liberal Studies) plus the best elective subject [(CHI + ENG + MATH + LBS + ELECTIVE) / 5].

The Hong Kong Institute of Education 2014 JUPAS Admissions Scores

Selection Criteria

We adopt a holistic approach in the assessment of applicants' suitability for teacher education and other complementary discipline programmes. In selecting students for our full-time undergraduate and higher diploma programmes, we take into account their public examination results, band choices, non-academic achievements, school principal's recommendations and interview performance etc. For entry to the specific programmes like Chinese, English, Mathematics, Music, Physical Education and Visual Arts, applicants have to demonstrate a required level of competence in the subject area. For example, applicants for Mathematics major should possess Level 3 or above in HKDSE Mathematics (Compulsory Part) and Level 2 or above in Module 1 or Module 2 of Mathematics (Extended Part). Students nominated under the JUPAS School Principal's Nominations Scheme (SPN) and the Institute's Undergraduate Programme Nominations Scheme will be considered favourably with good school reference reports and interview performance.

HKDSE Admission Scores Bachelor's Degree Programmes

The HKDSE admission scores for degree programmes are the sum total of the level/grade values of the best four core subjects (i.e. Chinese Language, English Language, Mathematics, and Liberal Studies) <u>plus</u> one elective subject.

Higher Diploma Programme

The HKDSE admission score for higher diploma programme is the sum total of the level/grade values of the best five subjects, including Chinese Language and English Language. A maximum of two Applied Learning subjects will be counted.

	Category	A : New	Senior Se	condary	Subjects							
Level	Level 5** 5* 5 4 3 2 1											
Score	7	6	5	4	3	2	1					

Subject levels/grades are converted into numeric values according to the following scoring system:

	Category B : Applied Learning Subjects							
Result	Attained with distinction	Attained						
Score	3	0						

	Category C : Other Language Subjects										
Grade	А	В	С	D	E	Others					
Score	7	6	5	4	3	0					

It is important to note that the admission scores announced here are for reference only. The examination results and admission interview results of students admitted to each programme vary from year to year and should not be used to predict the chance of admission in future years.

Explanatory Note on the Calculation of Average HKDSE Scores

- From 2013-14 onwards, <u>one</u> of the following mechanisms is adopted for calculating the average HKDSE scores for Bachelor's Degree programmes:
 - **4X + 1 Best Elective**: The 4 core subjects including Chinese Language, English Language, Mathematics and Liberal Studies, plus the "best" elective subject will be taken into account.
 - **Any Best 5 Subjects**: The "best" 5 HKDSE subjects will be taken into account.
 - **Chinese & English Languages + Any Best 3 Subjects**: Chinese Language and English Language, plus any 3 "best" subjects will be taken into account.
- For Higher Diploma programmes, the *Chinese & English Languages + Any Best 3 Subjects* mechanism is used. The average HKDSE score point total of admittees is calculated based on their results in Chinese, English and 3 other subjects which have the best results.

When calculating the average HKDSE scores, subject weighting is not applied and HKDSE level attainments are converted to level points as follows:

- Core and Elective Subjects
 5** = 7, 5* = 6, 5 = 5, 4 = 4, 3 = 3, 2 = 2, 1 = 1 and Unclassified = 0
- Applied Learning Subjects:
 Attained with Distinction (accepted as Level 3 at HKDSE) = 3,

Attained = 0 (applicable to Bachelor's Degree programmes only),

Attained (accepted as Level 2 at HKDSE) = 2 (applicable to Higher Diploma programmes only)

Other Languages:

A = 5, B = 4, C = 3, D = 2, E = 1, Others = 0

The Hong Kong University of Science and Technology 2014 JUPAS Admissions Scores

For applicants fulfilling the School-specific entrance requirements, their HKDSE Scores will be calculated by school-specific subjects and weightings.

Admission figures are provided here for reference only. In reading the information, please note that the public result attainments of the students admitted to each program vary from year to year. Moreover, we consider an applicant's overall profile, on top of the HKDSE Score.

These rows show the HKDSE attainment of the same applicant who was placed in the middle position (median) of the JUPAS Main Round offer list. These rows show the HKDSE attainment of the same applicant who was placed 3/4 way down (lower quartile) of the JUPAS Main Round offer list.

The following table shows the upper quartile, median, lower quartile, and lowest scores of HKDSE applicants admitted to each programme based on the calculation of (i) best 5 HKDSE subjects in Category A or Category C, and (ii) 4 core subjects and best 2 elective subjects in Category A or Category C of HKDSE respectively. The main selection principle adopted by the corresponding programme is shaded in the following table:

2. The HKDSE "level/grade to score" scale is as follows:

Category A: Core and Elective Subjects								
Level	5**	5*	5	4	3	2	1	Unclassified/ Others
Score	7	6	5	4	3	2	1	0

Category C: Other Language Subjects								
Grade	А	В	С	D	E	Ungraded/ Others		
Score	7	5.5	4	2.5	1	0		

- 3. The HKDSE scores listed here are *for reference only*, and should not be used to predict the chance of admission to any programme in future years, for at least two reasons:
 - (a) admission is not necessarily based on examination results alone; and
 - (b) the examination results of applicants admitted to each programme vary from year to year.
